About the College:

Abasaheb Garware College is one of the premier colleges of the Maharashtra Education Society, started in 1945. It imparts education from graduation to research levels in Arts and Science faculties. The College runs graduation courses in 10 different subjects under science faculty and 9 different subjects under Arts faculty. The college imparts post-graduate education in Economics, English, Hindi, History, Journalism and Mass communication, Library Science, Political Science, Psychology, Biodiversity, Biotechnology, Analytical chemistry, Organic Chemistry, Computer Science, Electronics, Microbiology and Physics. There are 8 recognized research centers.

About the city:

The historical city of Pune has acquired a status on the world map as the 'Oxford of the East', and is situated in Western Maharashtra, 150 Km south – east of Mumbai, the capital of Maharashtra

Pune is known as a prominent educational center with state universities and several deemed Universities. There are also several eminent research institutions such as NCL, IUCAA, NIV, IITM, etc. The GMRT, a large Radio Telescope Complex at Khodad (Narayangaon), is a two hours journey from Pune by road. Tourist places like Lonawala, Pachagani-Mahabaleshwar and Sinhagad are close to Pune. Places to visit in Pune are plenty in number and the city is famous for its tourism.

The Conference:

This is post globalization world and higher education has to play a significant role in the creation of skilled human resources for the well-being of humanity.

It seems that the various walls among the countries do not exist today and the education transit and mobility seems rampant. However, the disparity in the field of finance, topography and mind-set or attitude is also rampant. In this globalized world, it is a high time that we interrogate, review, re-think and re-evaluate the role of humanities in order to direct our effort to bring about a change in the lives of people all over the world.

Therefore, this conference aims at showcasing the present issues related to the humanities in the global scenario, it also aims at pointing out local as well as global solutions to the current problems present in higher education. The need for re-thinking humanities will also be aimed at.

Theme and Sub-Themes:

- *Rethinking, Revisiting, Reforming and Redefining Humanities*
- *Socio-cultural perspectives (Alternative discourse, gender, identity, religion, education, politics, economics, history and literature)*
- *Competence building and Employability: national and international levels ((Pedagogy, Skill development, field based learning, entrepreneurship and start-ups, public private partnership)*
- *Government policies at glocal levels (Public policy and higher education, Autonomy, privatization, etc.)*
- Any other relevant topic

We invite participants to send their work in the form of research paper.
